KATALÓGUS

500+ válogatott kínai beszállító

KONYHAI ESZKÖZÖK - KITCHEN

v.1.0.

Milyen beszállítók termékeit tartalmazza a Kimport katalógus?

500+ válogatott kínai gyártó termékeiből összeállított termékkatalógus. A beszállítók nem az aktív vagy korábbi ügyfeleink beszállítói, hanem a következő nagyvállalatok (aktív vagy korábbi) beszállítói (kékre kattintva a forrás): LIDL (DE), ALDI (DE), KMART (AU), JOHN LEWIS (UK)
A forrásokon összesen közel 3000 kínai gyártó cégnevét találjuk. Ezen cégek hátterét leelenőriztük (így), és az 1000 általunk legjobbnak (legkisebb kockázat) ítélt vállalattal felvettük a kapcsolatot. Ezek közül 513 volt nyitott az együttműködésre. Ezen válogatott beszállítók termékeit tartalmazza ez és a többi Kimport katalógus.

Ár? MOQ? Gyártási idő? CE?

A termékek az esetek 99%-ában nincsenek készleten! A gyártási idő beszállítónként és termékcsoportonként változik! A rendelhető minimum mennyiségek beszállítónként és termékcsportonként eltérőek, az árak pedig a gyártási kapacitás, alapanyag árak és árfolyam (USD/RMB) ingadozása miatt változnak, ezért minden esetben egyedi ajánlatot kell kérni! A termékek nagy részéhez van érvényes CE certifikát, de nem minden esetben, viszont megfelelnek a CE sztenderdeknek. Egyes esetekben elképzelhető, hogy külön kell CE-t csináltatni!

Szállítás?

Korlátlan mennyiségű beszállítótól (minden oldalon bal alul található az adott beszállító kódja) lehet rendelni és konszolidáljuk a rendelést úgy, hogy egy (vagy minél kevesebb) rendelésként lehessen kezelni az importfolyamat során. Segíti az ügymenetet, amennyiben egy beszállítótól minél több terméket választunk, és összesen minél kevesebb különböző beszállítótól vásárolunk. Shenzhen, Ningbo, Qingdao, Jinhua és Xi'an városokban is rendelkezünk olyan raktárral ahol az áruk konszolidációját és feladását, igény szerint további címkézési műveleteket végre tudunk hajtani.

Mennyibe kerül ez?

Díjunk az SKU-k száma, áruérték és a kiválasztott beszállítók mennyiségétől függ, jellemzően az áruérték 3-6%-a.

Vámkezelésben, betarifálásban, előzetes szállítási díj kalkulációban is állunk rendelkezésükre, tehát segítünk megállapítani az egy termékre eső megközelítő beszerzési árat (a szállítási díjak előzetesen nem határozhatóak meg 100% pontossággal).

Árajánlatkéréshez kérjük megadni a beszállító kódját és amennyiben van a termékkép mellett termékkód, úgy azt is megjelölni!

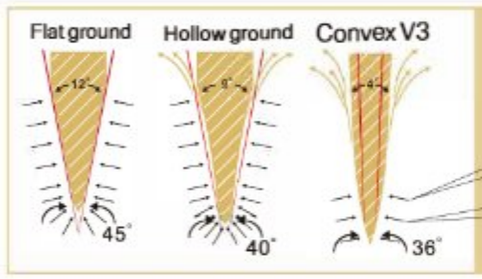
Advanced production process

Ceramic knife use high purity nanoscale raw material which is refined from Australian zircon sand for production. One piece high quality ceramic knife is made through dozens of German strict standard production processs which endow blade high purity, high density, and high strength. Ceramic knife produced by great pressure and high speed grinding which make blade weight loss as high as 36%. It's 3 times as traditional ceramic knife.



V3 Unique Grinding

Convex edge ground blade has stronger cutting cone force.

Convex edge blade gives the blade higher sharpness and better edge retention ability.

- V3-Tech Blade: V shape blade ground, angle 4°, cutting smoothly.
- Convex edge ground: grinding after the V shape blade is formed to make a convex edge. It make the blade more strong and durable, vent better . The process is very difficult. However, German advance technology can ensure our quality.
- 36° golden cutting edge angle: convex edge ensure the cutting edge be in a golden angle-36. So the knife's sharpness is enhanced.

Test Report

V3-Tech blade vs. regular blade

V3s (upgraded from V3-tech blade)

PS:V3 and V3s grinding can be applied to any blades you prefer.

Item:Beeswax Snack bag & Vegetable bags
Motif:MD-6-106

beeswax bags are designed specifically for food storage. The waxed cotton is thin, pliable, and sticky, so they're ideal for wrapping sandwiches and making little snack pouches. The opening sticks together for a good seal, and is a great replacement for cumbersome storage containers like bowls and plastic tubs. All you have to do is unfold the wrap, insert your food, press the open end together and roll it down.

Easy to clean! For good preservation, hand wash in cold water using an ethanol-free detergent. Allow to dry standing up or hanging like regular laundry. You can even towel dry and use damp if you need to pack a lunch right away. For long term storage, fold these sturdy pouches and put in a bin until they're needed again.

Each pack contains three bags measuring 8 inches by 9 inches, with one each of teal, green and blue. You can buy anywhere from 1 up to 3 packs, for a total of 9 individual alternatives to storage bags! Whether you're stashing a roll cake for tomorrow's bake sale, or keeping your kid's cute metal school tray clean until lunch, this bundle of packaging goes the extra mile to keep your food fresh from freezer to fork.

Beeswax bags are BPA free, and made from a host of sustainable ingredients, such as coniferous tree resins, clove and cinnamon essential oils, and jojoba oil. Main materials are organic cotton, organic beeswax, and non-GMO soy wax. Fully compostable. Depending on the kind of food, there may be a transfer of color or dye. This is purely cosmetic and won't harm eaters in any way.

Item:Fridge bin liners- set of 6pcs
Motif: MD-10-001

Eliminate the messes left behind in the refrigerator from sticky jars, dripping cartons, fruits and vegetables with the Fridge Bin Liners! Line various areas inside the refrigerator with this unique liner to make life easier with less clean-up! They are so easy to use - just measure the bottom of the refrigerator tray, shelf or crisper bin and cut liner to the desired size. Place the liner on the bottom of the drawer, tray or shelf. Fruits, vegetables and other containers should be placed on top of the liner. Use the Fridge Bin Liners in the fruit and vegetable drawers to help retain crispness while allowing air to circulate. Line door trays to prevent sticky jelly rings. Place on a shelf to absorb drips and condensation from milk, juice and wine bottles.

Caring for yourFridge Bin Liners is easy - to clean, wipe with a damp cloth as needed. For best results, machine wash in cold water with a liquid detergent. Tumble dry low. Do not iron. Do not use bleach, fabric softener or dryer sheets. Fridge Bin Liners are just one of the many impressive items offered in the Envision Home Collection.

Designed to make it easier to take care of the home, our innovative, high-value and superior-quality products provide cleaning, kitchen, bath, laundry and pet solutions to solve life's little dilemmas.
